BELKIN® | Hi-Speed USB 2.0 4-Port Mobile Hub

This latest USB innovation combines outstanding performance with sleek design. The Belkin Hi-Speed USB 2.0 4-Port Mobile Hub provides four downstream USB ports that offer easy Plug-and-Play connectivity to your USB 1.1 and USB 2.0 devices. This Hub allows you to connect USB devices such as your digital camera, printer, and MP3 player to your desktop or notebook computer. The functionality of this Hub is complemented by its compact size, which allows it to fit easily on a standard desktop. Designed to easily tuck into the pocket of a laptop bag, it can also serve as a perfect travel companion. The Hi-Speed USB 2.0 4-Port Mobile Hub is the ideal way to connect USB devices to your computer.

Installation Instructions:

Step 1: Plug the power adapter into a nearby AC wall outlet or surge protector. Then, plug the round power connector into the back of the Hub.

Step 2: Plug the flat end (USB-A connector) of the provided USB device cable into the downstream port of your computer, then plug the other end (USB mini-B connector) of the device cable into the upstream port on the rear of the Hub. If your computer is on, the Hub will automatically be detected and configured. If your computer is off, turn it on for the Hub to be detected and configured.

Step 3: Attach a USB 2.0 or 1.1 device to the Hub and begin using it.
